THE WISE MAN

ess go, they are not the men who mope around and say "I told you so!"; they are men who stick right to it and who let no chance go by, they are watching every detail, with a scrutinizing eye. They are those who make their factories and their business places hum, but they go out after business—they don't wait for it to come. So while the other fellow talks of shutting up his shop, the man who gets the business keeps his clerks all on the hop; he's not afraid of hard times, for he long ago got wise to the fact that business booms for any
